

Dear Jack

Marjorie and I are indeed enjoying our new home. We have met two of the neighbors and a cat and are able to venture more than a few blocks without getting a map and have telephone service and cable TV.

We both enjoyed our association with you. You were always available and efficient, but never felt under pressure and liked the relaxed atmosphere of your office. This whole house-hunting experience has been a pleasure and we're almost sorry it didn't go on longer.

Sincerely,

DR

Dear Jack

I would like to thank you and Karen for all the work and effort put forth in helping me find a home.

Your services were kept in a timely and professional manner. I never would have dreamed finding a suitable condo in such a short time span.

What a blessing to find a realtor who really enjoys his work and truly cares about his clients needs.

I would definitely recommend your services to any family or friends who may inquire about a real estate agent.

It is Jack Davis all the way!

Thanks again,

PL

Dear Jack

We would like to express our appreciation for your help in purchasing our condo in Victoria. We were very impressed with your supportive, professional yet friendly service and the way you listened to and addressed our needs.

At no time did we feel pressured and your advice was always well founded and in our best interests. I have and will continue to recommend your services to friends and will call on your help again when we have a need for a realtor.

Sincerely,

WB

Dear Jack

I am very pleased with the move and am greatly appreciative of your work.

I have already recommended your name to several friends and was impressed to hear that Dan has already found a home! Everyone is pleased with how fast you do business.

The new home has a wonderful feeling of being lived in now and we are all looking forward to enjoying Thanksgiving here. Your services have been a blessing.

Thank you!

Sincerely,

RS
