

Hello Jack

Finally getting the chance to write and tell you how pleased we were with your handling the sale of our condo. You gave us wonderful advice on how to prepare for the sale and thanks to Karen's keen designer hints we were able to update the condo without spending a bundle.

Thanks to your expertise the condo sold the day after being on the market. We couldn't have asked for better advice.

Thanks,

D & S

---

Dear Jack

I was very impressed with the businesslike manner in which you and your firm undertook the compilation of data relating to the real estate you were asked to sell.

Your excellent advice and that of Karen relating to changes required to the property prior to marketing was greatly appreciated.

Should any occasion arise in the future that I or anyone I know may require the services of a real estate agent I will highly recommend your company.

Yours truly,

RS Fields

Dear Jack and Karen

Thanks for your excellent expertise in selling our home and helping us find a new home.

We had the new experience of having our home "staged". Karen's hints and suggestions were followed to a "Tee" and we really believe this helped us better sell our home.

Jack has been my Realtor for close to 30 years. He will continue to be my Realtor even though my brother was a realtor with a different company.

Sincerely,

R
